OLD BUSINESS:

Mr. Wehle made a motion that the TH&CWMC, voice no objection to the plans that have been offered by the Tiverton Yacht Club, given that the waterfront activity, e.g. mooring & slips and parking ratio's as prescribed in the Tiverton Harbor Management Plan, remain the same, as previous to the fire of 2003. Mr. Carr would write the letter to CRMC and send certified return receipt required. Mr. Costa seconded the motion. The motion was carried unanimously.

There is now \$1.1M available for the Stone Bridge reconstruction in part thanks to Congressman Kennedy. The estimated cost to reconstruct Stone Bridge is \$2.1M. Chairman Carr will be assisting Tiverton's grant writer as needed for a FEMA grant of \$1M. TH&CWMC will be searching for grants from state and federal sources for enhancement to Stone Bridge, e.g. adding a fishing pier over the rocks at the end of the abutment, town dock for transient boats, parking, etc. Mr. Noll made a motion to continue this process. Mr. Stewart seconded the motion. The motion was carried unanimously.

NEW BUSINESS:

Mr. McEwing suggested that Chairman Carr contact Richard Danner to see if he wants to belong to the TH&CWMC. Mr. Carr agreed to call Mr. Danner and to work on recruiting two (2) new members.

Mr. Carr will check with the Town Administrator to check on parking restrictions along Riverside Drive.
